REMARKS

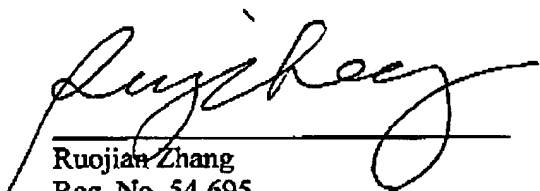

Examiner has declined to enter newly added claims, and has recited that "newly added claims 40-48 ... would require further consideration and/or new search." Applicant would like to emphasize that newly added claims depend from claim 39, which was previously allowed. Therefore, claims 40-48 are narrower in scope than claim 39. As was discussed in the telephonic interview of August 29, 2006, further consideration and new search are not needed.

In view of the above, Applicant respectfully submits that the application is in condition for allowance and requests that the Examiner pass the case to issuance. If the Examiner should have any questions, Applicant requests that the Examiner contact Applicant's agent at 972-732-1001 so that such issues may be resolved as expeditiously as possible. .

Respectfully submitted,
